

Visitor Management System

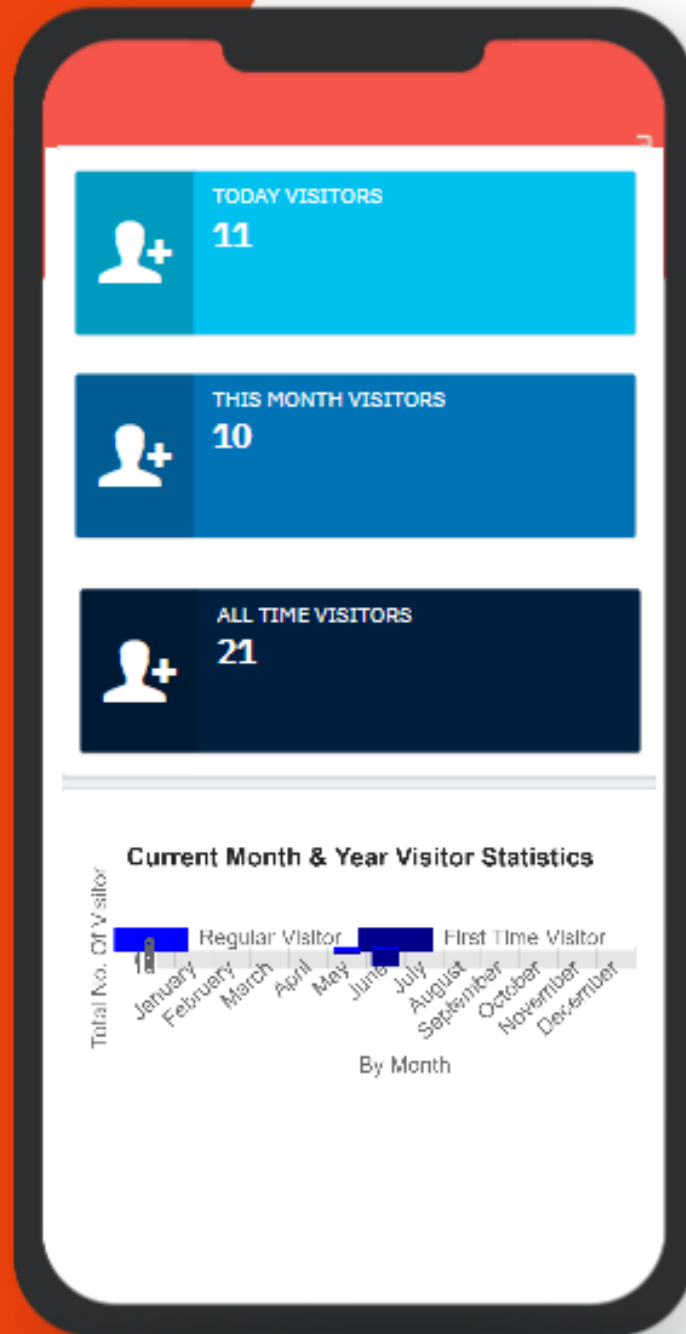

Overview

MKP IT Solutions offers an attractive and easy-to-use interface that takes advantage of leaving a positive and lasting impression on your visitors. Our solution is a technological innovation intended to streamline business efficiency with a highly customizable workflow to perfectly suit your brand and reception needs

A screenshot of a mobile application interface for visitor check-in. At the top, there are three icons: a blue clipboard with 'VISITOR' written on it, a person icon with a red and yellow circular graphic, and a green bar chart. Below these icons is a white box with the text 'VISITOR CHECK-IN'. The form consists of several input fields and dropdown menus arranged in a grid. The fields are: 'Visit Type' (dropdown), 'Purpose of Visit' (dropdown), 'Mobile Number' (text), 'Company Name' (text), 'First Name' (text), 'Last Name' (text), 'Email ID' (text), 'City / Town' (text), 'State' (dropdown), 'Pin Code' (text), 'Department' (dropdown), and 'Whom To Meet' (dropdown). At the bottom of the form are two buttons: 'Reset' and 'Proceed & Next'. The footer of the application reads 'Powered by MKP IT Solutions'. There are faint 'MKP IT' watermarks in the corners of the screen.

- ✓ 100% Secure
- ✓ Reduce Waiting Time
- ✓ Mobile-Friendly
